What is equipment leasing?

Equipment leasing lets you acquire the latest hardware and software at a manageable cost while remaining flexible as your technology needs grow over time. CDW gives organizations the option to lease virtually any IT product, from computers and telephony equipment to software and servers, at rates and terms that work for you.

How does CDW leasing work?

With CDW Leasing Services, you have the option to add on or upgrade during the lease term. At the end of the lease, you can choose to return or purchase the equipment. CDW Leasing allows you to make payments over time rather than investing a lump sum up front. Payments can be tailored to budget levels and may be tax deductible.

How can equipment leasing help your business?

You need to find the right balance between the technology you need and your bottom line. Equipment leasing lets you acquire the latest hardware and software at a manageable cost while remaining flexible as your technology needs grow over time.
