Are IP54 electrical enclosures good?

Our IP54 enclosures have a high level of protection against particles, and a fair amount of protection against water. All of our enclosures rigorously comply with the guidelines, so you can count on quality and cost-efficient enclosures. What Are Characteristics of IP54 Electrical Enclosures?

What is IP54 enclosure?

At Nema Enclosures, we adhere to the IEC's standards for determining enclosures' capabilities. Their International (or Ingress) Protection IP rating system defines an enclosure's protective capacity, and then assigns an IP Code.

How do I know if my enclosure is IP54?

The code labels an enclosure's IP followed by two numbers; the first digit shows the extent to which equipment is protected against particles, and the second digit indicates the extent of protection against water. Our IP54 enclosures have a high level of protection against particles, and a fair amount of protection against water.

How do I request a field IP54 enclosure?

Give us a call at 888-636-2269 or fill out the form and one of our team members will be in contact with you shortly. *notes a required field IP54 enclosures have a high level of protection against particles and a fair amount of protection against water.
