In an era where renewable energy integration faces harsh environmental challenges, the PSO Outdoor Integrated Cabinet emerges as a game-changing solution for solar and battery storage deployments.

From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

Our outdoor cabinets are pre-assembled for quick deployment and can operate reliably under wide temperature ranges. They ensure stable energy storage performance in challenging ...

Outdoor cabinet products use high-performance LFP cell, cycle life up to 8000 times. Products adopt an active balance solution, built-in cloud equipment, support remote maintenance and monitoring, and ...

?Integrated Design for Easy Transportation and Installation?Megarevo's outdoor energy storage system features a compact, modular design, simplifying deployment and reducing installation ...

Outdoor cabinet products use high-performance LFP cell, cycle life up to 8000 times. Products adopt an active balance solution, built-in cloud ...

With the P500E, you can transfer energy bi-directionally to the battery, grid and DG, helping you to achieve more functionality and maximise the benefits of your energy storage system.

The ELECOD Outdoor Cabinet Energy Storage System (Air-Cooled) is a highly efficient and scalable energy storage solution, designed for use in microgrid scenarios such as commercial, ...

Our outdoor cabinets are pre-assembled for quick deployment and can operate reliably under wide temperature ranges. They ensure stable energy storage performance in challenging climates, ...
