What are IP66 enclosures?

Our IP66 enclosures offer the highest protection against particles and a high level of protection against water. Following strict IP66 standard protection rating rules, these enclosures stringently adhere to these standards, and you can expect superior quality and craftsmanship.

Are IP66 enclosures waterproof?

IP66 enclosures offer waterproof protection for your electronic and electrical components in indoor and outdoor applications. Durable IP66 cases and junction boxes are available in a variety of sizes and styles. Material options for IP66 enclosures include plastic, steel, and aluminum.

What is IP66 rating?

At Nema Enclosures, we observe the IEC standardized International (or Ingress) Protection Code system for measuring enclosures' capabilities.

What are IP66 rated boxes?

Meeting IP66 ratings ensures components and devices stay protected in dusty, dirty and wet environments. IP66 rated boxes are designed for use in a wide range of industries such as oil and gas, alternative energy, marine, telecommunications and more. Polycase IP Ratings are based on the NEMA 250 to IEC 60529 conversion table published by NEMA.org.
