Who makes the best server racks in Australia?

As a leader in Australia's top-quality, long-lasting server racks, CERTECH offers custom-built and designed racks and cabinets in various heights and widths to fit any purpose. CERTECH caters to your comms data center server rack and data cabinets, Department of Education (DOE) solutions, home network racks, and server cabinets.

Where can I buy a server rack & cabinet?

Cabling's range of floor standing and wall mount server racks & cabinets offer unprecedented value for money and quality. We stock server racks and server cabinets to suit every installation scenario, whether it is a small freestanding or wall hung server rack to a full-blown state-of-the-art sophisticated server room.

What types of server racks are available?

Server racks and data cabinets, including floor-standing and free-standing server cabinets, open frames and racks, wall-mount network racks, and outdoor freestanding and wall-mount cabinets, are available to keep your networking and communication equipment secure and protected in a CERTECH network rack.

What is a server rack?

Server racks are metal boxes that hold network equipment in standard 19-inch wide spaces. These wall mount cabinets protect valuable IT equipment while maintaining airflow around the equipment and keeping cables organised, properly ventilated, and tidy. Shop our server racks and cabinets to organise your network equipment properly.
